MANUAL TEACHERS MAY

Expect to Work at Trades During Summer and Pay Seems to Be More Attractive.

Manual training teachers in the public schools of the District are plan-

ning to work at their trades during ning to work at their trades during the summer and many of them may not return to the schools in the fall because of their disappointment over the amount of the pay increases provided for them in the new District bill, according to L. M. Heron, teacher at McKinley Manual Training School. "This action of Congress," he said, "will make it necessary for teachers who have trades to work at them durwho have trades to work at them dur-ing the summer in order to live. At their trades they will get more pay than the school system gives and it is unreasonable to suppose that they will return to the classrooms September."

Must Have Degree.

Mr. Heron pointed out that a manual training teacher must have a college degree as well as practical experience in his line, for which the school sys-tem pays \$1,000 a year. Miss Alice Deal of the High School Teachers' Union said the female teachers are equally as disappointed at the increase provided for in the District bill as it now stands.

Miss Deal called attention to the fact that the public school teachers of Washington are the only ones who have to pay an income tax because they are classed as federal employes. She said the teachers also are discontented over the fact that the District bill this year does not provide that school teachers may accept the that school teachers may accept tem-porary positions in government de partments during the summer to add to the small salary which is paid them

Called from this world for a peaceful rest.
Called by God, who knoweth best;
Dear in our memory she will remain
Until in heaven we meet again.

Rest, sweet spirit, rest.
BY HER LOVING SISTERS AND BROTHERS.

A happy home we once enjoyed.

How sweet the memory still;

But death has left a vacant chair
This world can never fill.

BY HIS DEVOTED WIFE, REBECCA RANDALL.

SMALLWOOD. Sacred to the memory of my dear son, JAMES A. SMALLWOOD, who de-parted this life so suddenly four years ago, June 29, 1915.

t was in the morning when the Master's voice called, softly, "Come and rest, come, Arthur, now and lay your head upon my breast."
He smiled and gently whispered, "Yes, to There I gladly come."
The angels had Arthur's mansion ready and Jesus called him home.
BY HIS MOTHER, ADDIE SMALLWOOD.
